

## Project WET Facilitator Workshop

Wetlands provide tremendous benefit to our environment, economy and well being. They are also powerful places in which to learn. Join the City of Waco and Baylor University for this workshop to learn proven and effective skills and methods for teaching about water through hands-on activities. Since 1984, Project WET, an award-winning 501(c)(3) nonprofit organization, has dedicated itself to the mission of reaching children, parents, teachers and community members with water education. Suitable for a wide range of educators, you will leave the workshop with activities to use with students and with knowledge to facilitate Project WET training in school, recreation center, camp, or other settings.

**Date:** Saturday, June 12<sup>th</sup> 2010

**Time:** 9 a.m. to 3 p.m.
